

Health Care Financing Administration, to design a payment system. This work is to be completed before April of this year.

My bill would require that a PPS for rehabilitation be implemented by the Secretary of HHS for Medicare cost reporting years beginning on and after October 1, 1998. This date would allow adequate time to adopt regulations and administrative procedures. And my bill requires that this payment system is budget neutral.

Enactment of this bill would have multiple benefits.

It would benefit patients by removing the implied financial penalty for treating severely disabled patients;

It would benefit providers of services by putting all rehabilitation facilities on a level playing field; and

It would benefit the Medicare Trust Fund by eliminating the enormous incentive in present law to duplicate service capacity.

I look forward to working with my colleagues to pass this important legislation, and welcome cosponsorship of this measure. Any interested cosponsors should contact me or Carl Thorsen of my staff.
